State Fair of West Virginia **Endowment Fund** YOUTH. EDUCATION. AGRICULTURE

The State Fair of West Virginia invites you to support its endowment fund, to ensure long-term funding for three key areas of the fair:

Scholarships: The State Fair of West Virginia Scholarship program rewards outstanding youth who have exhibited livestock or non-livestock projects at a previous State Fair. Since 1992, the State Fair and many business partners have provided over \$600,000 in scholarships to youth participants.

Youth Educational Enrichment Programs: Your gift will enable the State Fair to provide enhanced learning opportunities for West Virginia youth. Enrichment programs occur not only during the week of the Fair, but throughout the year via school-based partnerships in education programs. These programs are designed to improve the appreciation for and understanding of agriculture through hands-on classroom activities.

Agricultural Premiums & Competitive Exhibit Premiums: Through the years, hundreds of West Virginians have participated in State Fair competitions. The thrill of victory and the sorrow of defeat are important life lessons. It is imperative that tomorrow's youth have the same opportunities. For some, the defining moment was winning their first blue ribbon and for others it is spending their first prize winnings.

IAFE CODE OF ETHICS ADOPTED BY THE STATE FAIR OF WEST VIRGINIA

The State Fair of West Virginia has also adopted the International Association of Fairs and Expositions (IAFE) National Code of Show Ring Ethics, and its accompanying "Exhibitor Entry Statement" which is included on the livestock entry form that all livestock exhibitors are required to sign.

Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agriculture education. This code applies to junior, as well as open class exhibitors who compete in the structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition, to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they imposed on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their morals must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

IAFE CODE OF ETHICS ADOPTED BY THE STATE FAIR OF WEST VIRGINIA

Guidelines For All Exhibitors and All Livestock in Competitive Events

- (1)** All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
- (2)** Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
- (3)** Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- (4)** Animals shall be presented to show events where they will enter the food chain free of violate drugs residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be the prima facie evidence such substance has been administered to the animal internally and/or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications from the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.
- (5)** Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- (6)** The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electric contrivance, or other similar practices are not acceptable and are prohibited.

(7) Direct criticism or interference with the judge, fair or livestock show management, or other exhibitors, breed representatives or show officials before, during or after the competitive event is prohibited. In the furtherance of the official duty, all judges, fair and livestock show management or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

(8) No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

(9) The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

(10) The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication or the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

(11) The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

Large Livestock Arena

AMERICAN ANGUS ASSOCIATION® SHOW CLASSIFICATIONS

Any classes listed in this classification, which exceeds 15 head per class, should be broken into smaller classes. This should be accomplished by dividing the class as evenly as possible without splitting animals with the same birth date.

Furthermore, the recommended number of head per class varies per show based on number of head checked in.

See recommendations below:

- Shows with less than 100 head: 8 head or less per class
- Shows with 100 – 200 head: 12 head or less per class
- Shows with more than 200 head: 15 head or less per class.

Class breaks will be at the discretion of the American Angus Association staff in attendance. If there are more than 30 head in a division, the division should be split into Division 1, 2, etc.

This classification is effective for shows from July 16, 2025 to December 31, 2025.

Only registered Angus cattle that meet the age requirements listed within this classification are eligible to receive premium participation and be counted in the total number of head shown.

Champion and Reserve Champion placings are not counted in number of head shown.

NALF Standard Rules and Regulations for the Exhibition of Limousin Cattle

- Animals must be registered with the North American Limousin Foundation (NALF)
- All cattle shown including calves at the side of the dam must be:
 - 75% Limousin (NALF percentage, not actual) or greater as indicated on orange NALF registration certificates.

If an animal's tattoo is not legible or cannot be read upon initial processing, it will be ineligible to show and not be allowed to return with a new or corrected tattoo.
- To maintain a high degree of confidence in Limousin shows NALF reserves the right to disqualify any animal that has been fitted in an unethical manner. Unethical fitting shall include the following:
 - Any use of paints, colored show foam, graphite, colored powders or other substances; animals may be subject to a white-towel test;
 - The addition of any hair or hair like substances, including false tail heads and false polls (false tail switches are allowed);
 - The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the shape of the animal or the injection of any gas, solid or liquid under the hide to alter the normal conformation;
 - Any products, solutions or liquids administered internally or externally to alter the conformation of the animal is prohibited. That includes the use of steroids, growth stimulants and the act of artificially filling animals internally, which would include stomach pumping, drench tubes or any other method.

- **EXCEPTIONS:** In the case of severely sick or dehydrated animals, the exhibitor may have fluids or electrolytes administered by the licensed official show veterinarian with the approval of the show superintendent or a NALF representative. That exception is not applicable on show day or weigh-in/check-in day.
- Bulls older than one (1) year must show with a nose lead. The Limousin show superintendent and the show management reserve the right to disqualify animals deemed unmanageable.
- Protests against exhibitors, individual animals or fitting violations must be submitted in writing, signed by five (5) active members of the NALF and presented to the show superintendent within 12 hours of the show's completion.

Senior/Junior Yearling Pregnancy Rule for exhibitors at all Open Shows:

If a Purebred Female has a Shorthorn Plus calf at side, it is not eligible for the Purebred Shorthorn Show, however it is eligible for the Shorthorn Plus show. All females 20 months old at the time of the show need to have a 60 day pregnancy verification signed by an accredited, non-owner veterinarian at the time the female is processed for the show and are subject to a blood test to prove pregnancy. Exhibitors may be asked to present said verification upon request of the Show Officials or ASA representatives. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site, and verify a 60 day pregnancy. Any infractions against this rule will lead to disqualification of that animal for that specific show.

Original registration certificates are required, though a copy of a Registration Application, stamped with the date received by the ABGA, can be accepted for kids less than three (3) months of age. Animals must be registered in the name of the exhibitor and must have been owned by the exhibitor on or before the date of the show. If the animal has a microchip as its permanent identification, the exhibitor is responsible for providing a microchip reader.
- (3)** Goats entered under the ABGA registration number and presenting the ABGA Certificates of Registration will be eligible to earn points for their actual placing in the show as described in the ABGA "Criteria for Ennoblement of a Boer Goat."
- (4)** Birthdates, as listed on the registration certificate, will be used to determine the class divisions.

Progeny of fresh does will not be allowed in the ring. At the discretion of the judge and superintendent, goats may be let loose in the ring as a function of judging. The Champion and Reserve Champion classes will be chosen from the first and second place animals in that division of the show.
